Office Action

The title of the invention is not descriptive. A new title is required that is clearly indicative of the **invention** to which the claims are directed.

Rejections Under 35 U.S.C. § 112

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 13-15 are rejected under 35 U.S.C. § 112, second paragraph, as being incomplete for omitting essential steps, such omission amounting to a gap between the steps. See MPEP § 2173.05(l). Claims 13-15 contain no steps which limit the method claimed. The apparatus claims 1, 6, and 12 contain no method limitations and the elements claimed in these apparatus claims do not further limit any method claims.

Rejections Under 35 U.S.C. § 102

The following is a quotation of the appropriate paragraphs of 35 U.S.C. § 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless --

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 1-15 are rejected under 35 U.S.C. § 102(b) as being clearly anticipated by Loopstra et al(WO 99/28790). See figures 4-8.
